Grant Hyun Park

Full Stack Developer

16 Barrett Hill Dr, AC#0769 Keefe Campus Ctr - Amherst, MA 01002 | gpark18@amherst.edu | (256) 690-3141

ABOUT

I'm a second-year student at Amherst College in Massachusetts and I'm currently both a MEAN-stack and iOS developer. I'm originally from Huntsville, Alabama and I've been honing on my different hobbies, ranging from music composition to rowing.

EXPERIENCE

Freelancer

www.granthpark.me

Amherst, MA

May 2015 - Present

I'm a mobile consultant for clients both local and remote in respect to AL and MA. I develop iOS apps as well as provide web application alternatives. Github: https://github.com/sungjp

Director and Webmaster

Rocket City Math League

Huntsville, AL

Aug 2010 - Jun 2014

International math competition site hosting over 4,000 participants from 80 different countries.

I modified and created several registration forms for the site; added security to check the validity of school CEEB codes using Google Maps API; peer mentored and guided test graders, test creators, and test editors; and headed several math camps hosting week-long classes for young children in maths ranging from algebra to calculus.
